

## **Shropshire Council Student Accommodation**

### **Illegal Drugs Policy**

Our Facilities Support Service is fully committed to creating and promoting a healthy lifestyle for students to enhance their learning experience while staying with us at Mardol House, Shrewsbury.

This policy is designed to reinforce a culture within our Accommodation where the use and possession of drugs is not tolerated. They are harmful to the development of a positive and supportive environment where students can excel in their academic studies and develop social and life skills that will support their future careers.

As we take the potential impact from illegal drugs seriously we will take action against students who are found to possess, use, supply or produce illegal drugs in our Student Accommodation. In all instances where students are found with drugs the police will be notified. Even if the police do not caution or charge a student with any criminal activity disciplinary action will be taken against the resident by the Facilities Support Service.
